CHURCHES OF CHRIST, SCIENTIST

"Man" is the subject of the Lesson-Sermon on Sunday in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Paul's first epistle to the Corinthians: "What man knoweth the things of a man, save the spirit of man which is in him?" One of the Scriptural selections includes other words of Paul to the Corinthians: "Not that we are sufficient of ourselves to think any thing as of ourselves; but our sufficiency is of God; who also hath made us able ministers of the new testament; not of the letter, but of the spirit: for the letter killeth, but the spirit giveth life. . . . But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord." A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "As there is no corporeality in the mirrored form, which is but a reflection, so man, like all things real, reflects God, his divine Principle; not in a mortal body."

New Set-Back Lines Fixed On Figueroa

Assurance that no buildings would be erected inside the proposed right-of-way for Figueroa street between Lomita boulevard and Wilmington-San Pedro road was given this week when the Los Angeles city building department was instructed not to issue any building permits which do not conform to the new lines.

The instructions were given by the Los Angeles city council on motion of Councilman A. E. Henning of the harbor district. Councilman Henning's resolution also asked that the city's building department be fully informed of the dedication required for the widening of Figueroa. Figueroa street is to follow what now is known as Machado avenue between Lomita boulevard and Wilmington-San Pedro road.

Zinc Plant Might Re-open
GREAT FALLS, Mont.—(U.P.)—The zinc plant of the Anaconda Copper Company is expected to resume operations the latter part of the current month, giving employment to some 200 men, company officials have announced. A similar number of men have been engaged for some time in cleaning the giant smokstack of the plant and reconditioning the machinery and equipment of the concern.

Burglar Stole 1879 Pistol
CORVALLIS, Ore.—(U.P.)—The burglar must have been hard up for a gun to use in his holdups. He broke into the Oregon State College's prize collection and stole an 1879 Colt pistol.

Automatic Hot Water for a Few Cents a Day

There is no need to fuss along with an old-fashioned, "light-it-and-wait" water heater. Operating cost of a modern, automatic, natural gas water heater is only a few cents a day for the average family. That means abundant hot water—any time—at the turn of a faucet.

For a few more days, you may buy one of these modern automatic water heaters for only
